Process example if a student is Mechanical B.Tech holder are following:

- MARCH INTAKE
- We have to get files( by mail) before NOV 28th for best results, otherwise it gets rush in embassy
- After getting file we can provide student a list of courses that public universities will provide him according to his profile. (NB: There will not be a course selection for the student. The list is prepared on the basis of our previous year experience and may be student gets much more new courses also)
- Student has to provide us necessary docs which had done notary and need to send docs to Germany by DHL( Address will be provided at the time).
- We will inform student when the Uni-Assist Fee (200 euro) has to be paid.
- For march intake universities will issues offer letters from January. Once it is received we will inform.
- There may be a Sem fee ranges in between (52 euro - 400 euro) which has to be paid in every 6 months. It is very low compared to any other education provides in EU. Student has to pay it to university account as given in offer letter. Sometimes university demands it after reach only.
- After receiving offer letter student has to show block account fund in india as consulate demands.
- After that embassy interview or VFS submission will be scheduled.
- Student has to take a DD in favour of consulate Rs. 6000, Travel insurance.
- After submission of docs it will take 6 weeks to 3 months to get visa stamped as per consulate rules.( But the student can go to VFS or Consulate in 21 working days directly and demands for visa stamped.)

NB: We have two intakes throughout year. it is MARCH INTAKE and SEPTEMBER INTAKE.

Please get back to us in case of any queries.

*Best regards*
